Light & sound poetry in the Schillerpark

Step into a captivating world of light, music and poetry – an experience that moves, inspires and invites you to pause.

As part of the Millstatt Light Path, an **audiovisual art installation** by Monika Peitler and Thomas Schüssler-Kalt transforms the lake, the park and its visitors into a poetic stage.

Three regional artists bring poetic texts to life in unique musical interpretations – sometimes reflective, sometimes playful, always heartfelt. In between the musical readings, atmospheric soundscapes open up **quiet spaces for sensing, listening and conversing**.

Take a seat, let the light compositions embrace you, and discover how **art, nature and emotion become one**.

"SCHNEEKUSCHLER" – SNOW CUSHION
Get cosy and defy the cold! This foldable cushion is your perfect companion and turns any bench into a comfy seat.

LIGHT INTERVENTIONS BY OCHORESOTTO

Artistic light displays at the Abbey, the Barbara Egger Tower and in the Abbey Church

A true highlight along the path of lights is the series of light interventions by the Graz-based artist collective **OchoReSotto**. For over 20 years, the trio of artists has been creating moving images and multimedia projections that cast spaces in a completely new light. After installations in **Dresden (Semper Opera House)** and **Vienna (St. Stephen's Cathedral)**, Millstatt now shines in the light of these three artists. Their compositions of light and shadow reveal new perspectives and transport viewers into a world full of movement.

With the work **'Compositions of Lines'**, OchoReSotto celebrates the beauty of life and the individual paths we all follow, rendered in elegant clarity. Intersecting lines and abstract forms create a dynamic composition in which every detail tells a story. Initially presented in black and white during summer, the projection unfolds its wintry colour palette during Advent with **'Continuation'**. In warm hues inspired by the winter sun and Lake Millstatt, the light installation invites moments of connection and quiet reflection.

Where there is light, there is warmth – experience the artistic evolution of the summer project in a festive winter setting.

WITH KIND SUPPORT FROM

Whispers of light – Tales of time and nature

Step into a world where light meets storytelling. Join **Tahmina on a journey through time**, listen to tales that touch the heart, and discover magical portals along the Millstatt Path of Lights.

Or be enchanted in the courtyard of the Millstatt Abbey, where Lindarius – **the 750-year-old lime tree** – awakens to share the wonders of his long life. As guardian of the forest and protector of nature's spirits, he has much wisdom to pass on.

In the **atmospheric courtyard**, the Kiwanis Club Millstätter See welcomes you to their **Winterzauber-Einkehr**, open from Friday to Sunday. Enjoy hot drinks and regional treats – proceeds support **charitable projects** in the area.
